

After considerable reflection after this 2017 campaign, I am at a crossroads where my current priority and focus is my family and more important my seven-year-old daughter.

I take this opportunity to thank the people, the council and staff of the City of Fircrest for a rewarding sixteen years of dedicated service as a council member.

Please accept this letter of resignation as effective immediately this November 14th, 2017.

Thank you and God bless you.
