

## Design Charrette Workshops

*Opportunity for stakeholders to collaborate,  
explore and share a broad diversity of design ideas*

The City is hosting three public meetings to provide residents, properties owners, business owners, and other stakeholders an opportunity to have a better understanding of Form-Based Code and contribute to the development of the new development standards proposed for the Commercial Mixed Use and Residential-30 zones in the northwest corner of the City.

January 21	January 22	January 23
Come learn and about Form-Based Code and draft ideas	Contribute and build on the input from the first night	Review and comment on the cumulation of the previous two nights

**Feel free to attend one or attend all**

The workshops will provide information and seek input on such things as:

- building types
- heights
- frontage types
- streetscapes
- building placement
- setbacks
- parking requirements
- pedestrian connections
- more....
