

## SAMPLE SITE PLAN

A site plan is a drawing that shows the boundaries and other important details to determine if the location of the proposed structure meets the code. Some smaller projects may not required all of the details.

To assist, the City can provide an aerial photo of your property in .pdf or .jpeg format upon request. Or visit the Pierce County Public GIS: <https://matterhornwab.co.pierce.wa.us/publicgis/>

### Please include:

- Address and/or Parcel Number
- Building, porch, deck Footprint
- Existing Structures
- Retaining walls, fences, etc.
- Lot Dimensions
- North Arrow
- Contours
- Easements
- Setbacks
- Scale  
(i.e. 1 inch = 10 foot  
or 1 square = 2 feet)
