A. Prose – Alliance Mildred Property Discussion

The project applicant presented the proposed text amendments and updated renderings to the Planning Commission. They highlighted that the text amendments will be focused on the Form-Based Code and MUN District Standards which relate to the street connectivity and project design elements. The applicant proposes minor amendments to FMC Chapter 22.64 which relate to open spaces and outdoor activity spaces.

The revisions include moving the plaza to the other side of 66th and splitting the plaza space to both sides of the central boulevard. Due to steep slopes to the East of the project, the applicant proposes the addition of stairs to provide a pedestrian connection.

The Planning Commission held a brief discussion regarding transitioning the scale of the buildings between the MUU and the MUN zones and recommended flipping buildings C and D to allow for more frontage along the central boulevard. Commission concerns included shadowing concerns for the neighbors to the East of the project site, accessibility concerns with the grade challenges to the East of the project, and the accessibility of the stoops that front Mildred street.

There was a discussion held on scheduling the Commission public hearing and the City Council's meeting schedule.

Moved by McVay and seconded by Ferguson to set a Public Hearing of the Planning Commission on September 13, 2022, at 6 pm. Upon vote, the motion carried unanimously.

ADJOURNMENT

Ferguson moved; seconded by Shultz to adjourn the meeting at 8:07 PM. Upon vote, the motion carried unanimously.

Item: Comprehensive Plan Periodic Update Discussion

BACKGROUND:

The City of Fircrest is commencing its required 2024 periodic update to the City's Comprehensive Plan. We are envisioning a light refresh to its existing plan addressing new Growth Management Act (GMA) requirements, Vision 2050, and updated Countywide Planning Policies. Much of the work to update the Comprehensive Plan will focus on new planning requirements including but not limited to climate, equity, and housing affordability.

Every eight years, as required by the GMA, cities are required to update their Comprehensive Plan. Fircrest's last major update was conducted in 2016. The process of this update is expected to take about two years to complete.

The first step in updating our Comprehensive Plan will be the development of a public participation plan to gain feedback on what is important to the community to address in the update. Public outreach will begin in the late Fall of 2022. All work on the Comprehensive Plan periodic update will be done ensuring thorough and continuous public participation and outreach.

The Governor and the Legislature made a historic investment in Growth Management Act planning during the 2022 Legislative Session. As a result, The City was awarded \$125,000 in grant funding. Grants may be used for planning work in need of review or revised for our comprehensive plan and development regulations as required to meet our periodic updates. If all of the funding is not needed to meet the update requirement, we can use our remaining funds for other planning work beyond the minimum requirements.

Our plan is to post an RFQ and solicit bids to contract with a planning firm to assist with the periodic update. Principal Planner Boers will assist with the update but he does not intend to take the lead role.

The Honorable Brett Wittner
Mayor of Fircrest
115 Ramsdell Street
Fircrest, Washington 98466

RE: 2024 Growth Management Act Periodic Update Grants

Dear Mayor Wittner:

The City of Fircrest is required by RCW 36.70A.130(5)(a) to review and, if needed, revise its comprehensive plan and development regulations by June 30, 2024, to ensure they comply with the Growth Management Act (GMA).

We are pleased to inform you that, based on your population size, that \$125,000 has been reserved for the City of Fircrest as a grant to assist in completing your update work. This funding is reserved for the city as a non-competitive formula grant. Due to the state biennial split, one-half of this funding, or \$62,500 is available to reimburse related periodic update project costs from July 1, 2022 to June 30, 2023. Commerce will sign a grant agreement with you by this fall. All related GMA update project costs incurred by your jurisdiction, beginning July 1, 2022, will be eligible for reimbursement. Therefore, you will not need to delay work on the update grant until the contract is signed.

In addition to this financial assistance, Growth Management Services will continue to provide technical assistance for you during this periodic update process, until your scheduled update deadline, and our professional senior planners are ready to assist you with any questions. Please feel free to contact your assigned senior planner with any questions.

Your first grant deliverable will be the completion and submittal of the periodic update checklist, which we provide for review for your comprehensive plan and development regulation. You may find a copy of the checklist and instructions on our webpage here:

<https://www.commerce.wa.gov/serving-communities/growth-management/periodic-update/>

In order to receive this funding, please complete the GMA Update Grant Application materials. These materials are located on the Growth Management Services grants webpage located at

<https://www.commerce.wa.gov/serving-communities/growth-management/growth-management-grants/>

We request application materials please be returned by **September 30, 2022**. As soon we receive your submitted application, we will begin preparing your contract and negotiate your final scopes of work.

If you have questions regarding this grant program or receiving technical assistance regarding your update, please contact Keri Sallee, at (360) 725-3064, or keri.sallee@commerce.wa.gov.

Sincerely,

Periodic Update Checklist for Fully Planning Cities

Overview: This checklist is intended to help cities that are fully planning under the Growth Management Act (GMA) conduct the “periodic review and update” of *comprehensive plans* and *development regulations* required by RCW36.70A.130 (4). This checklist identifies components of comprehensive plans and development regulations that may need updating to reflect the latest local conditions or to comply with GMA changes since the last periodic update cycle (2015-2018).

Statutory changes adopted since 2015 are emphasized in highlighted text to help identify new GMA requirements that may not have been addressed during the last update or through other amendments outside of the required periodic update process.

What’s new: For the 2024-2027 update cycle, Commerce has updated and streamlined periodic update resources including checklists, guidebooks and a [webpage](#) to serve you better. A checklist and guidebook for *partially-planning jurisdictions* will be available prior to their 2026-2027 updates. A separate checklist is available for counties.

2021-2022 Legislative Session:

[HB 1220](#) substantially amends housing-related provisions of the GMA, [RCW 36.70A.070\(2\)](#) (codification pending). Please refer to the following Commerce housing webpages for further information about the new requirements: [Updating GMA Housing Elements](#) and [Planning for Housing](#).

[HB 1241](#) changes the periodic update cycle described in RCW 36.70A.130 (codification pending). Jurisdictions required to complete their update in 2024 now have until December 31, 2024 to finalize their review and submit to Commerce. Jurisdictions required to complete their updates in 2025 - 2027 are still required to submit prior to June 30th of their respective year. Additionally, jurisdictions that meet the new criteria will be required to submit an implementation progress report five years after the review and revision of their comprehensive plan.

[HB 1717](#) adds new requirements regarding tribal participation in planning efforts with local and regional jurisdictions (codification pending).

[SB 5593](#) adds new elements to RCW 36.70A.130(3) regarding changes to planning and/or modifying urban growth areas (codification pending).

[SB 5818](#) promotes housing construction in cities through amendments to and limiting appeals under the state environmental policy act (SEPA) and the GMA, amending RCW 36.70A.070(2).

Local governments should review local comprehensive plan policies, countywide planning policies and multicounty planning policies (where applicable) to be consistent with the new requirements.

Checklist Instructions

With the most recent versions of your comprehensive plan and development regulations in hand, fill out each item in the checklist, answering the following questions:

Is this item addressed in your current plan or development regulations? If YES, fill in the form with citation(s) to where in the plan or regulation the item is addressed. Where possible, we recommend citing policy or goal numbers by element rather than page numbers, since these can change. If you have questions about the requirement, follow the hyperlinks to the relevant statutory provision or rules. If you still have questions, visit the Commerce [Periodic Update webpage](#) or contact the [Commerce planner assigned to your region](#).

Is amendment needed to meet current statute? Check YES to indicate a change to your plan will be needed. Check NO to indicate that the GMA requirement has already been met. Local updates may not be needed if the statute hasn't changed since your previous update, if your jurisdiction has kept current with required inventories, or if there haven't been many changes in local circumstances.

Use the "Notes" column to add additional information to note where your city may elect to work on or amend sections of your plan or development regulations, to call out sections that are not strictly required by the GMA, or to indicate if the item is not applicable to your jurisdiction.

Submit your checklist! This will be the first deliverable under your periodic update grant.

PlanView system and instructions : Completed checklists can be submitted through Commerce's PlanView portal. The PlanView system allows cities and counties to submit and track amendments to comprehensive plans or development regulations online, with or without a user account. You can also submit via email: reviewteam@commerce.wa.gov Fill out and attach a [cover sheet](#), a copy of your submittal and this checklist. *Please be advised that Commerce is no longer accepting paper submittals*

For further information about the submittal process please visit Commerce's [Requirements and procedures for providing notice to the state](#) webpage.

Shoreline

For shorelines of the state, the goals and policies of the shoreline management act as set forth in RCW 90.58.020 are added as one of the goals of the Growth Management Act (GMA) as set forth in RCW 36.70A.480. The goals and policies of a shoreline master program for a county or city approved under chapter 90.58 RCW shall be considered an element of the county or city's comprehensive plan.

a. The policies, goals, and provisions of chapter 90.58 RCW and applicable guidelines shall be the sole basis for determining compliance of a shoreline master program with this chapter except as the shoreline master program is required to comply with the internal consistency provisions of RCW 36.70A.070 , 36.70A.040(4) , 35.63.125 , 35A.63.105 , 36.70A.480			
b. Shoreline master programs shall provide a level of protection to critical areas located within shorelines of the state that assures no net loss of shoreline ecological functions necessary to sustain shoreline natural resources as defined by department of ecology guidelines adopted pursuant to RCW 90.58.060			

	In Current Plan? Yes/No If yes, cite section	Changes needed to meet current statute? Yes/No	Notes
c. Shorelines of the state shall not be considered critical areas under this chapter except to the extent that specific areas located within shorelines of the state qualify for critical area designation based on the definition of critical areas provided by *RCW 36.70A.030(5) and have been designated as such by a local government pursuant to RCW 36.70A.060(2)			
d. If a local jurisdiction's master program does not include land necessary for buffers for critical areas that occur within shorelines of the state, as authorized by RCW 90.58.030(2)(f) , then the local jurisdiction shall continue to regulate those critical areas and their required buffers pursuant to RCW 36.70A.060(2).			

Provisions for siting essential public facilities (EPFs)

Consistent with CWPPs and RCW 36.70A.200 amended 2021. This section can be included in the Capital Facilities Element, LandUse Element, or in its own element. Sometimes the identification and siting process for EPFs is part of the CWPPs.

a. A process or criteria for identifying and siting essential public facilities (EPFs). RCW 36.70A.200 and WAC 365-196-550(1) Notes: RCW 36.70A.200 amended 2021 regarding reentry and rehabilitation facilities. EPFs are defined in RCW 36.70A.200 Regional transit authority facilities are included in the list of essential public facilities.			
b. Policies or procedures that ensure the comprehensive plan does not preclude the siting of EPFs. RCW36.70A.200(5) Note: If the EPF siting process is in the CWPPs, this policy may be contained in the comprehensive plan as well. WAC 365-196-550(3)			

Tribal Participation in Planning new in 2022 (codification pending – see [HB 1717](#))

A federally recognized Indian tribe may voluntarily choose to participate in the local and regional planning processes.

a. Mutually agreeable memorandum of agreement between local governments and tribes in regard to collaboration and participation in the planning process unless otherwise agreed at the end of a mediation period. RCW 36.70A.040(8)(a) new in 2022			
b. <i>Port elements</i> , if adopted, are developed collaboratively between the city, the applicable port and the applicable tribe(s), which shall comply with RCW 36.70A.040(8) RCW 36.70A.085 amended in 2022			
c. <i>Urban Growth Areas</i> . counties and cities coordinate planning efforts for any areas planned for urban growth with applicable tribe(s). RCW 36.70A.110(1) amended 2022, RCW 36.70A.040(8)			

Future required elements: pending state funding

As of 2022, these elements have not received state funding to aid local jurisdictions in implementation. Therefore, these elements are not required to be added to comprehensive plans at this time. Commerce encourages jurisdictions to begin planning for these elements, pending the future mandate.

	In Current Plan? Yes/No If yes, cite section	Notes
<p>Economic Development Although included in RCW 36.70A.070 “mandatory elements” an economic development element is not currently required because funding was not provided to assist in developing local elements when this element was added to the GMA. However, provisions for economic growth, vitality, and a high quality of life are important, and supporting strategies should be integrated with the land use, housing, utilities, and transportation elements. RCW 36.70A.070(7) amended 2017</p>		
<p>Parks and Recreation Although included in RCW 36.70A.070 “mandatory elements” a parks and recreation element is not required because the state did not provide funding to assist in developing local elements when this provision was added to the GMA. However, park, recreation, and open space planning are GMA goals, and it is important to plan for and fund these facilities. RCW 36.70A.070(8)</p>		

Optional Elements

Pursuant to RCW 36.70A.080, a comprehensive plan may include additional elements, items, or studies dealing with other subjects relating to the physical development within its jurisdiction, including, but not limited to:

Section II: Development Regulations

Must be consistent with and implement the comprehensive plan . [RCW 36.70A.040](#) [WAC 365-196-800](#) and [810](#)

Critical Areas

Regulations protecting critical areas are required by RCW 36.70A.060(2), RCW 36.70A.172(1), WAC 365-190-080 and WAC 365-195-900 through 925.

Please visit Commerce’s [Critical Areas webpage](#) for resources and to complete the [Critical Areas Checklist](#). Critical areas regulations must be reviewed and updated, as necessary, to incorporate legislative changes and best available science. Jurisdictions using periodic update grant funds to update critical areas regulations must submit the critical areas checklist as a first deliverable, in addition to this periodic update checklist.

Accessory uses should be located, designed and operated to support the continuation of agricultural uses. RCW 36.70A.177(3)(b)</p>			
<p>d. Designate mineral lands and associated regulations as required by RCW 36.70A.131 and WAC 365-190-040(5). For more information review the WA State Dept. of Natural Resources (DNR)'s Geology Division site</p>			

Siting Essential Public Facilities

Regulations for siting essential public facilities should be consistent with RCW 36.70A.200 and consider WAC 365-196-550. Essential public facilities include those facilities that are typically difficult to site, such as airports, state education facilities, state or regional transportation facilities, state and local correctional facilities, solid waste handling facilities, and in-patient facilities including substance abuse facilities, mental health facilities, group homes, and secure community transition facilities. Regulations may be specific to a local jurisdiction, but may be part of county-wide planning policies (CWPPs).

Concurrency and Transportation Demand Management (TDM)

Ensures consistency in land use approval and the development of adequate public facilities as plans are implemented, maximizes the efficiency of existing transportation systems, limits the impacts of traffic and reduces pollution.

	In Current Regs? Yes/No If yes, cite section	Changes needed to meet current statute? Yes/No	Notes
<p>a. The transportation concurrency requirement includes specific language that prohibits development when level of service standards for transportation facilities cannot be met. RCW 36.70A.070(6)(b), WAC 365-196-840.</p> <p>Note: Concurrency is required for transportation, but may also be applied to park facilities, etc.</p>			
<p>b. Measures exist to bring into compliance locally owned transportation facilities or services that are below the levels of service established in the comprehensive plan. RCW36.70A.070(6)(a)(iii)(B) and (D). Levels of service can be established for automobiles, pedestrians and bicycles. See WAC 365196-840(3) on establishing an appropriate level of service.</p>			
<p>c. Highways of statewide significance (HSS) are exempt from the concurrency ordinance. RCW 36.70A.070(6)(a)(iii)(C)</p>			
<p>d. Traffic demand management (TDM) requirements are consistent with the comprehensive plan. RCW36.70A.070(6)(a)(vi) Examples may include requiring new development to be oriented towards transit streets, pedestrian-oriented site and building design, and requiring bicycle and pedestrian connections to street and trail networks. WAC 365-196-840(4) recommends adopting methodologies that analyze the transportation system from a comprehensive, multimodal perspective.</p>
