PROCLAMATION OF THE CITY COUNCIL

WHEREAS, Women of every race, class, and ethnic background have made historic contributions to the growth and strength of our City, State, and Nation in countless recorded and unrecorded ways; and

WHEREAS, Women have played and continue to play a critical economic, cultural, and social role in every sphere of the life of the Nation by constituting a significant portion of the labor force working inside and outside of the home; and

WHEREAS, Women have played a unique role throughout the history of the Nation by providing much of the volunteer labor force of the Nation; and

WHEREAS, Women were particularly important in the establishment of early charitable, philanthropic, and cultural institutions in our Nation; and

WHEREAS, Women of every race, class, and ethnic background served as early leaders at the forefront of every major progressive social change movement; and

WHEREAS, Women have served our country courageously in the military; and

WHEREAS, Women have been leaders, not only in securing their own rights of suffrage and equal opportunity, but also in the abolitionist movement, the emancipation movement, the industrial labor movement, the civil rights movement, and other movements; and

WHEREAS, despite these contributions, the role of women in history has been consistently overlooked and undervalued, in the literature, teaching, and study of American history; and

WHEREAS, Women are making history every day and will continue to do so in ways that will change our Nation, state, city, and community.

NOW, THEREFORE, WE, MAYOR, AND COUNCILMEMBERS, of the City of Fircrest, do hereby proclaim that March 2023 be recognized as “ Women’s History Month.” The City makes this proclamation as an affirmation of the City’s commitment to honor the contributions of all women in the past and to support the women who contribute to our future.

Passed this 28th day of February 2023

Brett L. Wittner, Mayor

FIRCREST CITY COUNCIL AGENDA SUMMARY

February 28, 2023

NEW BUSINESS: Motion to appoint City Attorney Robert (Bob) Zeinemann
ITEM: 5A

FROM: Colleen Corcoran, Interim City Manager

RECOMMENDED MOTION: I move to confirm the Interim City Manager's appointment of Robert Zeinemann, of Kenyon Disend, PLLC as the official Fircrest City Attorney.

PROPOSAL: The Council is being asked to confirm the Interim City Manager's appointment of Robert Zeinemann, of Kenyon Disend, PLLC as the official Fircrest City Attorney.

FISCAL IMPACT: None

ADVANTAGE: Meets the requirements of Fircrest Municipal Code (FMC) 2.24.020

2.24.020 Appointment and term of office.

The city manager shall appoint, and a majority of the city council shall confirm the appointment of some qualified person to the office of city attorney who shall thereafter hold that office during the city manager's pleasure. (Ord. 1389 § 13, 2005; Ord. 266 § 2, 1955)."

DISADVANTAGES: None

ALTERNATIVE: Do not make a change and leave Hilary Evans as the appointed City Attorney.

HISTORY: The City of Fircrest contracted with Kenyon Disend, PLLC on August 24, 2021 to provide City Attorney services. At that time, Hilary Evans was appointed as the City Attorney. Over the past several months, Bob Zeinemann has been attending and providing legal services for the City. The City's contract for legal services is with Kenyon Disend PLLC, so in effect the whole firm serves the City, however, under FMC 2.24.020 a specific person is appointed to the office of City Attorney by the City Manager and confirmed by the City Council. When the contract was adopted in August of 2021 Hilary was sworn into the office as the City Attorney.

FIRCREST CITY COUNCIL AGENDA SUMMARY

DATE: 2/28/2023

NEW BUSINESS: Stormwater Amendments to the Fircrest Municipal Code (FMC)

ITEM: 13A

FROM: Tyler Bemis, Public Works Director

RECOMMENDED MOTION: I move to adopt Ordinance No. _____, amending Ordinance No. 1640 Section 1 Fircrest Municipal Code Chapter 20.24 Stormwater Management; providing severability; and establishing effective date.

PROPOSAL: The Council is being asked to approve an ordinance amending sections of the Fircrest Municipal Code (FMC) Chapter 20.24 to remain in compliance with the Washington State Department of Ecology's Western Washington Phase II Municipal Stormwater Permit, National Pollutant Discharge Detection and Elimination System (NPDES) requirements (Phase II Municipal Stormwater Permit)

FISCAL IMPACT: None

ADVANTAGE: Remaining in compliance with the City's Stormwater Management Program (SWMP) plan and Phase II Municipal Stormwater Permit.

DISADVANTAGES: None

ALTERNATIVES: None currently.

HISTORY: In 2015, Ordinance No. 1562 amended FMC 22.58.008 to provide for consistency with NPDES Phase II Municipal Stormwater Permit requirements. Ordinance No. 1562 specifically addressed low impact development (LID) design and LID BMP's. Each year, the City is required to update its SWMP plan to remain consistent with the NPDES Phase II Municipal Stormwater Permit. In June of 2019, the City Council adopted Ordinance No. 1640, amending the FMC as related to the City's SWMP plan. As part of the update to the City's SWMP plan, the City's consultant (KPG Psomas, P.S.) reviewed the FMC to ensure the City's code is consistent with the Phase II Municipal Stormwater Permit requirements. KPG Psomas recommended that several sections of the FMC should be modified and updated. The proposed changes have been reviewed by staff and are ready for final inclusion into the FMC.

1 b. Pollutants associated with land uses or activities not addressed in the Ecology Manual
2 shall be controlled using BMPs reviewed and accepted by the city.

3 (b) If, upon inspection of existing BMPs, the director determines that the BMPs are
4 inadequate at controlling prohibited discharges or pollutants, the director may require
5 any person responsible for a property or premises which is, or may be, the source of a
6 prohibited discharge or pollutant to implement, at their own expense, additional BMPs
7 to prevent the further discharge of prohibited discharges or pollutants into the
8 stormwater drainage system.

9 (c) Failure to implement or maintain the required BMPs shall constitute a violation of
10 this chapter and enforced as provided in Section 20.24.080.

26 ingress and egress for inspection of the site.

27 (2) If the property or any building or structure on the property is unoccupied, the
28 inspector shall first make a reasonable effort to locate the owner or other person(s)
29 having charge or control of the property or portions of the property and request entry.

30 (3) If after reasonable effort the inspector is unable to locate the owner or other person(s)
31 having charge or control of the property, and has reason to believe the condition of the
32 stormwater system creates an imminent hazard to persons or property, the inspector may
enter.

(4) Unless entry is consented to by the owner or person(s) in control of the property or
portion of the property or unless conditions are reasonably believed to exist which create
imminent hazard, the inspector shall obtain a search warrant, prior to entry, as authorized
by the laws of the state of Washington.

(5) The inspector may inspect the stormwater system without obtaining a search warrant
provided for in subsection (b)(4) of this section, provided the inspection can be
conducted while remaining on public property or other property on which permission to
enter is obtained.

17 the purpose of determining the potential for contribution of pollutants to drainage
18 facilities or waters of the state;

26 photographs, video, measurements and drawings; and

28 presently or previously occurring, including but not limited to safety data sheets,
29 stormwater pollution prevention plans, spill response plans, hazardous waste manifests,
30 drainage inspection records, state or federal stormwater permits, or other records related
31 to prohibited connections or discharges.

32 (8) The director shall have the right to set up devices on any premises as are necessary
in the director's opinion to conduct monitoring or sampling of discharge from
stormwater facilities.

(9) Any temporary or permanent obstruction to the safe and easy access to the premises
and any stormwater facility to be inspected and/or sampled shall be promptly removed
by the property owner at the written or oral request of the director. The director may
follow up oral requests with written requests if the obstruction is not removed. Such

and proper operating condition at the property owner's expense. All devices used to
measure stormwater flow and water quality shall be calibrated to ensure their accuracy.

222 of a notice and order;

223 g. The signature and written name of the city official issuing the warning notice;

224 h. The contact information for the city's designated contact person or office to which
225 questions regarding the warning notice may be directed; and

226 i. The date of the warning notice

227 (3) A warning notice may be amended at any time to correct clerical errors. An amendment made
228 pursuant to this subsection shall not affect the validity or effective date of the original warning
229 notice.

230 (4) The warning notice shall be served upon the responsible person(s) by one of the following
231 methods:

232 a. By personal service;

233 b. By certified mail, sent to the last known address of the responsible person(s); or

234 c. If the address of the responsible person(s) is unknown, by posting a copy of the
235 warning notice in a conspicuous place at the site of the apparent violation.

236 (5) The recipient(s) of a warning notice shall respond to the notice within 30 calendar days from
237 the date of receiving the notice unless the notice specifies a different time period. The
238 recipient(s) may respond to a warning notice once in any of the following ways:

239 a. Cure the Apparent Violation in a Timely Manner. The recipient(s) of a warning notice
240 may cure the apparent violation described in the notice within the time period specified
241 in the notice. In such event, the recipient shall promptly notify the city when the
242 apparent violation has been cured, and the city shall promptly inspect the site for
243 compliance.

244 b. Request for Alternative Corrective Action. The recipient(s) of a warning notice may
245 submit a written request to the city proposing an alternative to the city's recommended
246 corrective action to cure the apparent violation. The request shall describe the proposed

247 alternative correction action and how it is functionally equivalent to the corrective action
248 recommended by the city. The director may agree to the request for an alternative
249 corrective action. The director's decision to grant, deny, or partially grant a request for an

251 may issue a notice and order as provided in subsection A of this section.

252 c. Request Additional Time. The recipient(s) of a warning notice may submit a written
253 request to the city requesting additional time to cure the apparent violation. Any such
254 request shall explain why the circumstances surrounding the apparent violation support
255 the request for additional time. The request shall propose a timeline or schedule
256 pursuant to which the responsible person(s) will cure the apparent violation. The director
257 may agree to a reasonable proposal requesting additional time. The director's decision to
258 grant, deny, or partially grant a request for additional time shall be in writing. If the

(b) The city adopts as its standard for use in regulating the stormwater element for development, redevelopment, and construction site activities within the city the document entitled “Stormwater Management Manual for Western Washington.” The city shall incorporate into this manual, upon their

Exhibit A

33 adoption by the Washington State Department of Ecology by due process, amendments and revisions to
34 the document as they become effective.

35

36 A copy of the manual has been filed with the city clerk for use and examination by the public. (Ord. 1640
37 § 2, 2019).

38

39 **20.24.040 Low impact development.**

40 Consistent with NPDES Western Washington Phase II municipal stormwater permit requirements, low
41 impact development (LID) designs and LID BMPs shall be required to the maximum extent feasible based
42 on site and soil conditions. Site assessment, planning, layout, and BMP design shall be in accordance with
43 the current editions of the “Low Impact Development Technical Guidance Manual for Puget Sound”
44 published by the Puget Sound Partnership and the “Stormwater Management Manual for Western
45 Washington” published by the Washington State Department of Ecology. (Ord. 1640 § 2, 2019).

46

47 **20.24.050 Long-term stormwater facility operation and maintenance.**

48 (a) The person or persons holding title to the property shall remain responsible for the facility’s continual
49 performance, operation and maintenance in accordance with the standards and requirements of the
50 current edition of the “Stormwater Management Manual for Western Washington,” published by the
51 Washington State Department of Ecology, and remain responsible for any liability as a result of these
52 duties.

53

54 (b) The city is authorized to inspect a private stormwater drainage facility at least annually unless there
55 are maintenance records justifying a different frequency pursuant to FMC 20.24.060. (Ord. 1640 § 2,
56 2019).

57

58 **20.24.060 Requirement to implement best management practices.**

59 (a) Best management practices (BMPs) as specified in the Ecology Manual shall be applied to:

60 (1) Any activity that might result in a prohibited discharge; and

61 (2) All existing, new, and proposed businesses and commercial entities (including publicly and
62 privately owned institutional, commercial, and industrial sites; multi-family sites and home-
63 based businesses) that have the potential to discharge pollutants into the city’s stormwater
64 drainage system regardless of whether the property is covered under a separate NPDES permit.

65 a. Pollutants shall be controlled by implementing appropriate source control and/or
66 treatment BMPs as specified in the Ecology Manual.

67 b. Pollutants associated with land uses or activities not addressed in the Ecology Manual
68 shall be controlled using BMPs reviewed and accepted by the city.

Exhibit A

69 (b) If, upon inspection of existing BMPs, the director determines that the BMPs are inadequate at
70 controlling prohibited discharges or pollutants, the director may require any person responsible for a
71 property or premises which is, or may be, the source of a prohibited discharge or pollutant to
72 implement, at their own expense, additional BMPs to prevent the further discharge of prohibited
73 discharges or pollutants into the stormwater drainage system.

74 (c) Failure to implement or maintain the required BMPs shall constitute a violation of this chapter and
75 enforced as provided in Section 20.24.080.

76

77 **20.24.070 Inspection.**

78 (a) Authority. Whenever implementing the provisions of this chapter or whenever there is cause to
79 believe that a violation of this chapter has been or is being committed, the city's inspector is authorized
80 to inspect, during regular working hours and at other reasonable times, all new development,
81 redevelopment, and construction sites within Fircrest to determine compliance with the provisions of this
82 chapter. The city shall have the authority to periodically inspect private stormwater facilities for
83 compliance with this chapter, and the city shall have the authority to inspect sources of prohibited
84 stormwater discharges and pollutants and BMPs.

85

88 (1) Prior to making any inspections on private property, the inspector shall present identification
89 credentials, state the reason for the inspection and request entry. Any private landowner
90 engaging in new development, redevelopment, or construction activities as defined under this
91 chapter must, as a condition of the building permit required for such development, consent to
92 the creation of an easement for purposes of ingress and egress for inspection of the site.

93

94 (2) If the property or any building or structure on the property is unoccupied, the inspector shall
95 first make a reasonable effort to locate the owner or other person(s) having charge or control of
96 the property or portions of the property and request entry.

97

98 (3) If after reasonable effort the inspector is unable to locate the owner or other person(s) having
99 charge or control of the property, and has reason to believe the condition of the stormwater
100 system creates an imminent hazard to persons or property, the inspector may enter.

101

102 (4) Unless entry is consented to by the owner or person(s) in control of the property or portion of
103 the property or unless conditions are reasonably believed to exist which create imminent hazard,
104 the inspector shall obtain a search warrant, prior to entry, as authorized by the laws of the state
105 of Washington.

141 stormwater pollution prevention plans, spill response plans, hazardous waste manifests,
142 drainage inspection records, state or federal stormwater permits, or other records related
143 to prohibited connections or discharges.

144 (8) The director shall have the right to set up devices on any premises as are necessary in the director's
145 opinion to conduct monitoring or sampling of discharge from stormwater facilities.

146 (9) Any temporary or permanent obstruction to the safe and easy access to the premises and any
147 stormwater facility to be inspected and/or sampled shall be promptly removed by the property owner
148 at the written or oral request of the director. The director may follow up oral requests with written
149 requests if the obstruction is not removed. Such obstructions shall not be replaced. The costs of
150 removing obstructions shall be borne by the property owner.

151

166 Additionally, the director is authorized to enforce the provisions of this chapter utilizing the procedures as
167 outlined below.

168 (a) Notice and Order to Cease Violation.

169 (1) Whenever the director has reason to believe that a condition exists in violation of this
170 chapter, rules, regulations, or standards required hereunder, the director may cause a notice and
171 order to be issued to either the owner or operator of the source of this violation, the person in
172 possession of the property where the violation originates, and/or the person otherwise causing

252 request to the city requesting additional time to cure the apparent violation. Any such
253 request shall explain why the circumstances surrounding the apparent violation support
254 the request for additional time. The request shall propose a timeline or schedule
255 pursuant to which the responsible person(s) will cure the apparent violation. The director
256 may agree to a reasonable proposal requesting additional time. The director's decision to

Re: Year End 2022 Financial Report

INTRODUCTION

This is a report on the financial condition of the City of Fircrest based on the Preliminary Financial reports as of December 31, 2022. The final State Reports are due to the Washington State Auditor's Office by May 30, 2023. No major changes are expected from these reports, to the reports filed with the State. This report gives an overview of how the City performed financially in 2022.

This report analyzes how revenues compare to expenditures. This will tell us how much money we have left after all expenses have been met. This is known as Fund Balance. If revenues are more than expenditures, then the Fund Balance will increase. If revenues are less than expenditures, then the Fund Balance will decrease. Fund balances are categorized as Non-spendable, Restricted, Committed, Assigned or Unassigned.

Non-spendable Fund Balance: These amounts cannot be spent. For the City of Fircrest this includes the Fircrest and Ruston Municipal Courts.

Restricted Fund Balance: These amounts are subject to legal restriction imposed by creditors, grants, donors or other government agencies. For the City of Fircrest this includes the Police Investigation Fund, Park Bond Debt Service Fund, Park Bond Capital Fund, REET Fund, and unspent American Rescue Plan Act (ARPA) funds.

Committed Fund Balance: These amounts are resources whose use is constrained by the Council. For the City of Fircrest this is our Cumulative Reserve Fund. Money can only be transferred in or out of this fund as directed by an ordinance approved by Council. In November of 2022, Council approved Ordinance 1696 to move the Street, Water and Sewer balances out of Cumulative Reserve and back into their respective funds. In August of 2022 the first Interfund Loan payment of \$774,346 was made from the Park Bond Capital Fund to the Cumulative Reserve Fund. The second and third payments will be made in 2023 and 2024, respectively. The remaining balance as of 12/31/22 is \$1,212,846 and this belongs to the General Fund.

Assigned Fund Balance: These are amounts intended to be used by the City of Fircrest for specific purposes. The General Fund has two balances in this category, Light Fund reserves and 44th/Alameda reserves. When the assets of the Light Fund were sold, Council assigned the funds to be used to cover expenses for the Street Department. When the property at 44th and Alameda was sold, Council assigned the funds to be used for Parks capital projects. Also included in this category are the proprietary and ERR funds.

Unassigned Fund Balance: These are amounts with no designated restrictions but are broken down further as follows:

- A. Allocated for cash flow (3 months of current year's operating expenditures).
- B. Available for capital expenditures
- C. Available cash

The table below shows the net increase or decrease in Fund Balance per fund.

Fund	BFB	In(De)crease	EFB
General	\$4,760,526	\$801,219	\$5,561,745
Street	\$277,164	\$148,331	\$425,495
Storm	\$343,914	\$25,192	\$369,106
Storm Capital	\$613,795	\$67,280	\$681,075
Water	\$274,278	(\$30,126)	\$244,152
Water Capital	\$265,207	(\$49,895)	\$215,312
Sewer	\$1,183,264	\$202,947	\$1,386,211
Sewer Capital	\$1,286,460	\$65,537	\$1,351,997
ERR	\$1,658,403	\$250,453	\$1,908,856
REET	\$2,169,058	\$290,998	\$2,460,056
Cumulative Reserve	\$980,763	\$232,083	\$1,212,846
Park Bond Capital	\$2,039,673	(\$364,032)	\$1,675,641

Attached are the detailed financial reports as of December 31, 2022. The following information summarizes the General, Street and Proprietary funds and compares revenue and expenditures to evaluate the effect on Fund Balance. Ideally, Operating Revenues should be more than Operating Expenditures with funds left over for current and future capital needs.

Ending Fund Balance decreased in three funds. These include Water, Water Capital and Park Bond Capital. More information will be provided under each of these funds to follow.

GENERAL FUND SUMMARY

The table below shows the change to fund balance in the General Fund.

Beginning Fund Balance as of 01/01/2022		\$4,760,526

Total Ending Fund Balance	\$4,760,526	\$7,222,824	(\$6,421,605)	\$ 801,219	\$5,561,745

The total change in Unassigned Fund Balance was an increase of \$551,430.

Assigned Light Fund decreased by \$26,521. This amount represents the amount that was transferred to the Street Fund for Street Light Maintenance. Street Capital is funded by REET.

Assigned 44th/Alameda Fund decreased by \$50,135. This amount is made up of \$48,416 used for the electronic readerboard installed at Alice Peers park, and \$1,719 used to replace the tire swing at the Tot Lot.

Restricted ARPA increased by a net amount of \$326,445. There was a transfer made to the Water Capital Fund in the amount of \$93,000 to cover part of the cost of capital projects. The City spent \$25,475 on various COVID-19 expenses, including \$15,205

for utility and rental assistance grants, \$268 for miscellaneous Covid expenses, and \$10,002 for councilmember laptops. The remaining \$60,000 spent was for retention bonuses paid to current police officers after approval from Council.

The chart below shows how the assigned funds have decreased over the years. The money from the sale of the Light Fund went from \$4,082,442 in 2003 to \$502,126 as of 12/31/2022. The money from the sale of the property located at 44th and Alameda went from \$1,235,014 in 2004 to \$568,395 as of 12/31/2022.

Unassigned Fund Balance is broken down to get the amount that is available. Some of this balance is reserved for cash flow or investments. The amount reserved for cash flow is determined by three months of annual operating costs. The chart below shows the availability of cash for the General Fund Balances. Keep in mind that this amount does not include any funds set aside for capital other than the Parks money which is in the Assigned 44th/Alameda balance and the Pool/Recreation Center which is in the Park Bond Capital Fund.

	<u>Unassigned</u>	<u>Light</u>	<u>44th/Alameda</u>	<u>ARPA</u>	<u>Total</u>
Fund Balance	\$ 3,690,832	\$ 502,126	\$ 568,395	\$ 800,393	\$ 5,561,746
Invested in bond	\$ -	\$ -	\$ -		\$ -
Reserved for cash flow	\$ (1,475,000)	\$ -			\$ (1,475,000)
Available cash	\$ 2,215,832	\$ 502,126	\$ 568,395	\$ 800,393	\$ 4,086,746

This information is very important and should be considered when planning for the future. As capital needs arise, such as interior and exterior building repairs, HVAC or other system replacements, pool repairs, etc., the Ending Fund Balances will be depleted.

Once the Assigned Light money is depleted, Unassigned Fund Balance will need to be used to fund Street Light Maintenance expenses.

The City also has \$1,212,846 in General Fund Cumulative Reserves. This year, with approval of Ordinance 1696 we moved the Street, Water and Sewer balances back to their respective funds, and received the first of three interfund loan payments into the Cumulative Reserve Fund. These payments are funded from donations to the Park Bond Capital Fund that have already been pledged, but are being received over multiple years.

GENERAL FUND REVENUES

For 2022 we received 104.8% of our anticipated revenue. This represents a surplus of \$333,453 compared to what was budgeted.

The following table shows the different categories of revenue and how the actual revenues compare to the budgeted estimates.

	YTD		%
	<u>12/31/2022</u>	<u>Budget</u>	
Taxes	3,976,561	3,803,473	104.6%
Licenses & Permits	473,112	534,300	88.5%
State Revenue	794,180	851,430	93.3%
Fines & Forfeits	181,991	219,600	82.9%
Serv & Charges	1,427,089	1,242,498	114.9%
Misc. Revenue	342,581	238,070	143.9%
Non Revenue	<u>27,310</u>	<u>0</u>	<u>0.0%</u>
TOTAL GEN FUND REVENUE	7,222,824	6,889,371	104.8%

Revenues are estimated with a conservative approach, meaning our budget for the year estimates revenues as close to what we expect to receive or lower. This approach helps assure that we do not expend revenue that we may not receive. Operating Revenue needs to cover Operating Expenditures, and if budgeted revenues are inflated and not received as anticipated, there will be a shortage of funds to cover budgeted expenditures. This would necessitate an unexpected use of Ending Fund Balance.

This year, due to Legislative changes, we continued to see a downward trend in revenue collected for Fines & Forfeits. Licenses & Permits revenue is under budget due to the 4th quarter Electrical non-compete charge (\$76,148.72) being received late from the City of Tacoma, but we will see an increase over budget in 2023.

In Misc. Revenue, interest revenue increased significantly due to increases by the Fed to combat inflation, which amounted to an increase of more than \$70,000 over the budgeted amount.

With the opening of the Community Center in April 2022, we saw large increases over budget in Services & Charges revenue, specifically for Recreation Fees, and program registrations. There were also large increases for Pool fees and Passport fees.

The City spent 91.3% of the amount budgeted for General Fund operating expenditures (not including Capital). Operating Expenditures by department are shown in Figure C-1 below. This same information is followed by a line graph format (Figure C-2) and a pie chart format (Figure C-3).

As previously stated, General Fund capital is paid for by Ending Fund Balances. As capital needs arise, such as interior and exterior building repairs, HVAC or other system replacements, pool repairs, etc., the Ending Fund Balances will be depleted.

STREET FUND

The following shows how actual revenues and expenditures affected the Ending Fund Balance for the Street Fund.

Beginning Fund Balance		\$277,164
Operating Revenue	\$177,141

The Street Fund is mainly funded from the General Fund. When the Light Fund money is depleted a plan needs to be in place to fund both maintenance and capital infrastructure in the Street Fund.

In 2022 Street capital was funded from REET and Assigned Light Fund Balance. REET funds are also limited, it has taken several years to build up the money in this fund, and it will only be replenished as property sells within Fircrest. The balance of REET 1 is \$706,962 as of 12/31/22. REET 2 funds are used to fund capital projects listed in the comprehensive plan. The balance of REET 2 is \$1,753,095 as of 12/31/22.

The combined Ending Fund Balance for the General Fund and the Street Fund is \$5,987,240. For reporting purposes on the state reports these two funds are rolled together and reported as the General Fund.

The combined Ending Fund Balance for Storm Operating and Capital Funds is \$1,050,181. For reporting purposes on the state reports these two funds are rolled together and reported as the Storm Fund.

WATER OPERATING FUND

The following shows how actual revenues and expenditures affected the Ending Fund Balance for the Water Operating Fund.

The combined Ending Fund Balance for Sewer Operating and Sewer Capital Fund is \$2,738,208. For reporting purposes on the state reports these two funds are rolled together and reported as the Sewer Fund.

In 2022 we budgeted \$570,000 for capital expenditures for projects, which are still in progress. These expenditures will be rolled over to the 2023 budget.

REET FUND

The following shows how actual revenues and expenditures affected the Ending Fund Balance for the REET Fund.

	REET 1	REET 2
Beginning Fund Balance	\$612,446	\$1,556,612
Interest Revenue	\$10,270	\$27,767
Revenue	\$168,716	\$168,716
Transfer Out	(\$84,470)	
Ending Fund Balance	\$706,962	\$1,753,095

The transfer out from REET 1 was for Street capital projects.

In 2022 the REET revenue received was 84% of budget or \$337,431. This was lower than expected due to home sales slowing after the Federal rate increases, which in turn raised mortgage rates.

PARK BOND CAPITAL FUND

Following the conclusion, you can find a summary of revenues and expenditures through 12/31/22 for the Park Bond Capital Fund. Estimates for items budgeted in 2023 is also included. The Ending Fund Balance as of 12/31/22 is \$1,675,641.

CONCLUSION

This year was the first year of operating with more normalcy since the beginning of the COVID-19 pandemic. The Pool and new Recreation Center saw great interest and activity as the year went on. We were able to offer many of the Parks & Rec programs from previous years and saw higher participation in 2022.

The city received the second half of our appropriated ARPA grant funds, and \$450,000 was received directly to the Water Capital Fund to offset the increased cost of the Summit Water Main replacement. We were able to claim enough lost revenue that the remainder of ARPA fund balance can be used on various needs of the city. As of 12/31/22 the General Fund has \$800,393 available, and the Water Capital Fund has \$644 available. This remainder must be allocated before 12/31/24. A summary of the ARPA funds can be found after the Park Bond Capital Fund summary page.

This year-end report is one of several documents used for making financial decisions for the future of the City. The trend for the past several years is continuing; expenditures are increasing at a higher rate than revenues. In 2022 this was exacerbated by high inflation, and multiple rate increases by the Feds to combat rising inflation and avoid a recession. The City has been very conservative in the past which has resulted in a healthy fund balance available for future capital projects as well as financial flexibility during unanticipated events such as the COVID-19 pandemic and it's continued effects.
