NEW BUSINESS: Motion to Change September 18, 2023 Study Session to a Special Meeting

ITEM 5A: City Manager Comments

FROM: Dawn Masko, City Manager

# **RECOMMENDED MOTION:** I move to change the September 18, 2023 Study Session to a Special Meeting of the City Council to be held at 7:00 PM in Council Chambers.

**PROPOSAL:** City staff have been working with BHC Consultants and Jeff Boers on the Comprehensive Plan Update. There is a desire to provide an update on progress to date and the work plan for the remainder of 2023 and 2024, as well as discuss current City Code and how it relates to housing infill under the new State RCW and possible tools and techniques to fit Fircrest. Staff are requesting to change the September 18, 2023 Study Session to a Special Meeting of the City Council to be held at 7:00 PM in the Council Chambers. This meeting will also serve as an opportunity for the Planning Commission and members of the public to hear this presentation from City consultants.

#### FIRCREST CITY COUNCIL AGENDA SUMMARY

NEW BUSINESS:	Umpqua Bank Time and Temperature Sponsorship Agreement
ITEM:	13A
DATE:	July 25, 2023
FROM:	Tyler Bemis, Public Works Director

**RECOMMENDED MOTION:** I move to adopt Resolution No. \_\_\_\_\_, authorizing the City Manager to execute a Time and Temperature Sponsorship Agreement with Umpqua Bank.

**PROPOSAL:** The Council is being asked to adopt a resolution approving a three-year agreement from January 1, 2023 through December 31, 2025 with Umpqua Bank for sponsorship of the Time and Temperature Sign. Umpqua Bank will pay \$220.00 per month for advertising, maintenance, and future sign replacement.

**FISCAL IMPACT:** Umpqua Bank will pay \$220.00 per month to the City per the agreement. There is a cost for electrical power for the Time and Temperature Sign; in 2022 this totaled \$613.81. Repairs and maintenance are done on an as needed basis – since 2019, there have been no repair or refurbishing costs. See attachment for historic revenue.

**ADVANTAGE:** This agreement provides for the continuing operation of the Time and Temperature Sign and provides revenue to the City.

**DISADVANTAGES:** None identified.

ALTERNATIVES: Seek another sponsor and incur the cost of changing out the signage.

**HISTORY:** Columbia Bank previously had a sponsorship agreement for advertising, maintenance, and future sign replacement revenues with the City since 2003. Umpqua Bank recently acquired Columbia Bank and is interested in continuing this agreement.

Time/Temperature Sign at Alameda/Regents History

The original time and temperature sign was installed by Great Northwest Savings & Loan in the 1950s.

In 1988 Western Community Bank gave the town notice that they wanted to replace the sign but it was put on hold when Key Bank purchased Western Community Bank.

In 1991 the current sign was installed with funding of \$21,270 from Key Bank. Fircrest provided the base, planter, electrical service and maintenance.

In December 1997 Council adopted an agreement with Key Bank through June 30, 2003. Key Bank paid \$1,613 to reduce the Key Bank name and increase the size of City of Fircrest. The agreement included a monthly advertising and maintenance fee of \$150/month.

In November of 2002 there was \$1,191 worth of repairs made to the sign.

On November 1, 2003, a new seven-year contract (thru 12/31/10) with Columbia Bank was executed. Columbia Bank agreed to pay 18 months up front (\$11,700) to cover the conversion and upgrade costs to LED lighting in exchange for a 24-month credit. Starting with the 25<sup>th</sup> month of the contract, Columbia Bank paid \$325 per month for advertising and \$325 per month for maintenance and future replacement costs.

The Columbia Bank contract was extended through December 31, 2015, with the same terms.

On January 1, 2016, a six-month contract was executed through June 30, 2016. The bank would pay \$500 per month.

On January 1, 2017, the above contract was extended to December 31, 2019, at \$220 per month.

On January 1, 2020, the above contract was extended to December 31, 2020, at \$220 per month.

Since December 1997 through the end of 2022 the city will have received \$111,540 in rental revenue for the sign. One half of this, or <u>\$55,770</u>, is for maintenance and future replacement.

Repairs to date include:2003 for Columbia Bank redesign and LED lighting \$11,700; 2013 for new rotating motor and installation \$902; 2015 to replace lamps and ballast \$247 and 2016 to replace rotator bushings \$1,554 for total repairs paid by the city of \$14,403.

The total received less the total expended for maintenance is \$41,367. This amount is included in the Ending Fund Balance that is available for future maintenance or replacement of the sign.

#### FIRCREST CITY COUNCIL AGENDA SUMMARY

NEW BUSINESS:	Ordinance Amending Salary Schedule for Non-Union Employees to Include a Community Development Director Position
ITEM:	13B
DATE:	July 25, 2023
FROM:	Dawn Masko, City Manager

**RECOMMENDED MOTION:** I move to adopt Ordinance No. \_\_\_\_\_, amending Fircrest Municipal Code ("FMC") 2.44.050 relating to salaries of non-union City employees and amending Section 1 of Ordinance No. 1709; providing for severability; and establishing an effective date.

**PROPOSAL:** Council is being asked to approve and adopt the attached proposed salary ordinance to add a Community Development Director position and salary range. This position will address the organizational needs of the Planning/Building department.

**FISCAL IMPACT:** The attached ordinance establishes a monthly salary range of \$9,427 - \$12,032. This is in line with 2023 current market comparable cities. This position is not included in the 2023 budget. The anticipated 2023 budget impact is approximately \$55,000 which may need to be addressed in a future budget amendment.

**ADVANTAGE:** The Community Development Director position will bring professional planning services back in-house to manage and perform duties related to current planning, long-range planning, building and code compliance, inspections, economic development, and permitting. This position will provide technical and project management assistance for a variety of initiatives, statutory requirements, and development projects. This is especially critical as we face recent legislative changes, navigate through complex development proposals, formulate sustainability plans, and update the comprehensive plan. This position will also contribute to GIS enhancement efforts, grant writing, and capital project planning.

With the departure of the Administrative Services Director, the City does not have an onsite planner. Technical planning functions are being performed through a variety of professional services contracts. The City's long-time contract planner has indicated that he is not interested in performing these services beyond 2023. The addition of this position will allow for a more stable and consolidated provision of services, as well as providing guidance for the Permit Coordinator and contracted Building Inspector. Additionally, this new position will participate in local, regional, and statewide planning groups, allowing our City interests to be represented.

**DISADVANTAGES:** None (other than cost).

**ALTERNATIVES:** Do not add a Community Development Director position. The City would continue to provide technical planning services via professional services agreements. Hourly consultant rates for these services can range from \$150 (for an entry level planner) up to \$210+ (for higher level services).

**HISTORY:** During the 2022 budget process, the City Clerk position was reclassified to City Clerk/Administrative Services Director and the Planning/Building Administrator position was

eliminated. The Administrative Services Director absorbed some of the Planning Administrator duties, with the remaining duties being filled with contracted services. With the departure of the former Administrative Services Director, Council approved restoring the City Clerk to a standalone position. In reviewing City organizational needs, it has become apparent that the need exists to have an in-house technical planning expert once again.
