I got bored of reading the entirety of this spreadsheet... way to much info!	1
We do not need to double the population of the city by 2050.	1
The plan says to make Fircrest a walkable city and forested for enjoyment of all. the city enhances sidewalks in some areas BEFORE installing basic sidewalks in others. Please provide basic city functions to all residents evenly. before you enhance a service please provide that basic to others.	1
You have woke agendas and policies taken into vision and strategy	1
Not what the Fircrest citizens said at all the meetings.	1
The city has paraphrased the Pierce county and state laws, trying to get them to fit this horrible document that says what the consultants what it to say not the citizens of Fircrest. Shame on you all.	1
None	1
<p>In the housing section, it talks about the importance of maintenance of older houses. The statement "encourage repair & maintenance of older houses" is vague enough to not have much meaning. In the transportation section, it discusses the importance of walkability & sidewalks; yet the sidewalks (where they exist) are in terrible shape & certainly not ADA compliant. I know the plan is not meant to be too specific with how to achieve these goals; however, the current method of having neighbors put in a concern & have the city notify the "offending party" (for lack of a better descriptor) is a no-win situation. It puts neighbors in positions of not only having to notify the city but also the position of being a "tattle tale" (which no one likes) & can make for bad blood between neighbors. Also, the city does not check to make sure the problem is resolved. Usually folks will comply for a week or two & then stop. Most residents do not know that the sidewalk is their responsibility & realtors & sellers do not fix them or let the buyer know about their responsibility (along with the vegetation overgrowth). So this system does not work & renters also feel that it doesn't, as landlords are not responsible with upkeep of the property either (as been relayed to me by renters). I do not feel as I grow older that Fircrest is as safe as it used to be (crime & speeders), nor are the sidewalks safe to use. Unfortunately, all the good things about Fircrest (& there are many) do not outweigh these issues for me & I have been considering moving away (which I really do not want to do)</p>	1
Other entries	4

How satisfied are you with the City's efforts in public outreach?
