

Cultural Resources Consultant – Project Summary & Interest Information

Project Overview

The City of Fircrest is seeking a qualified cultural resources consultant to support compliance with Washington Governor's Executive Order 21-02 and ensure protection of cultural and historic resources associated with upcoming park improvements. The selected consultant will coordinate closely with the Washington State Department of Archaeology and Historic Preservation (DAHP) and affected Tribes, and complete required documentation to state and federal standards.

Scope of Work

- Conduct a cultural resources survey, including up to 50 shovel probes
- Complete one Historic Property Inventory for Fircrest Park
- Prepare required reporting to meet RCO, State, and Federal standards

Desired Qualifications

- Principal investigator and senior archaeologists meeting Secretary of the Interior professional qualification standards
- Demonstrated expertise in Washington prehistoric and historic archaeology
- Experience working under Executive Order 21-02 and applicable state and local preservation and human remains laws
- Positive working relationships with federally recognized Tribes and experience with tribal coordination
- Experience balancing project goals with cultural resource protection needs
- Proven record of completing work on schedule and within budget

Project Considerations & Assumptions

- All properties within the Area of Potential Effect must be evaluated using appropriate DAHP forms, including eligibility determinations
- A new cultural resources survey is required, including updates to the 2011 Historic Property Inventory forms for the park and pool; the team must include an architectural historian
- Final reports must be submitted to RCO following consultation processes
- All work must meet DAHP reporting standards to ensure protection of cultural and historic site integrity
