

City of Tacoma
Public Works Department

City of Tacoma – Street Operations Division
Notice of construction / street closure

Date of Work: Tuesday, May 5, 2026

Time: 6:30 AM – 6:00 PM

Location: S 19th and Pearl – Intersection

The City of Tacoma’s Street Operations Division will be performing asphalt repairs from Berkeley Ave to S Visscher St.

To safely complete this work, Pearl Street - from S 12th to S 19th will be closed and S 19th St will be down to one lane through the intersection and subject to limited local access during the project hours.

Motorists should expect delays and plan alternate routes if possible.

Residents who live along the S 19th near the intersection are encouraged to park on nearby side streets during the work hours, as access in and out of driveways may be temporarily limited while crews are actively working.

Expect delays coming and going from Visscher St. crews will be there to assist with vehicle access but it will be limited at times.

Residents accessing S 19th from Fircrest are required to turn right from Alameda Ave and Berkeley Ave during construction hours.

We appreciate your patience as we work to maintain and improve Tacoma’s streets.

Weather Contingency:

This project is weather-dependent and may be rescheduled if necessary. Updates will be provided via future notices and pre-construction signage.
