

October 9th, 2026

Dear Resident,

We are happy to share that construction will soon begin to improve safety and accessibility along 67th Avenue West from 40th Street West to Regents Blvd W. Improvements will include new sidewalks, landscaping and lighting on both sides of the roadway, similar to what was recently completed further south on 67th Ave W between Bridgeport Way and Cirque Drive. This project is made possible through a federal grant acquired by the City of University Place from the Federal Highway Administration.

Our Contractor, RL Alia, is anticipating beginning work as soon as **Monday, October 26th, 2026** and is anticipating completion by fall of 2027. Working hours for the project will be between 7:00 AM and 5:00 PM. During these working hours, delays should be expected as the contractor may need to shut down one or more lanes of traffic to work safely. Driveway access will be maintained at all times except during periods when the contractor is actively working in the area of the driveway or access. In these instances, the contractor is required to provide you with sufficient notice of any restrictions.

If you have any questions or concerns regarding construction activity, you can contact the City's Construction Manager, Tim Coleman, at (253) 460-2528 or by email TColeman@cityofup.com or you can contact the Contractor's representative, Troy Anderson, at (360) 628-2521 or by email troya@rlalia.com

We appreciate your patience during construction.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kyle Mauren", with a long horizontal flourish extending to the right.

Kyle Mauren, P.E.
Senior Project Engineer
(253) 460-2531 / kmauren@cityofup.com
